

UBCF's mission is to make a positive difference in the lives of those affected by breast cancer. We aid in providing screening, treatment, after-care, educational material, patient and family assistance and information. UBCF provides grants to hospitals and community health centers to benefit patients and families coping with breast cancer. We strive to alleviate the stress and strain that cancer can cause to patients and families and to foster health and well-being through both traditional and holistic treatments by never denying anyone service regardless of age, race, gender or income.

FORWARD PROGRESS

Here at UBCF, we take your gift seriously and with deep reverence. We are continuously striving to put your dollars to work in the most effective manner possible. We have dramatically increased program giving and revenue. From 2017 to 2018, UBCF achieved the following:

- 🎀 Increased Program Giving by 51.2%
- 🎀 Increased Revenue by 39.1%

I'm writing to say "Thank you so very much" for taking care of our rent and car payment. There are no words to describe my gratitude to UBCF for this huge help that is given to me. From the bottom of my heart and my family's, thank you so much. I pray that God will continue to bless your foundation and to supply you with funding to help those who are in need. Cancer takes so much away from a person and it is just a blessing for us to be able to receive this kind of help and support

I thank God for all of you! Russlyn.
